

Sophie Langlois-Blouin
Director of Operations
Recyc-Quebec

Sophie Langlois-Blouin has worked for the government agency RECYC-QUÉBEC since October 2005 and is Director of Operations since May 2016. Sophie coordinates all financial assistance programs and is in charge of extended producer responsibility (EPR), current recycling systems (curbside collection; organic matter; construction, renovation, and demolition waste), and waste reduction. She also oversees teams responsible for supporting municipalities and the industrial, commercial and institutional (ICI) sectors.
